

Luxembourg, 31 July 2024

Interest rates

The Banque centrale du Luxembourg (BCL) informs that, based on preliminary data, the main interest rates applied by Luxembourg's credit institutions to euro area households and non-financial corporations (NFCs) for their loan and deposit operations have on average evolved as follows in June 2024.

Representative interest rates on new contracts¹ – loans and deposits – concluded with households

The variable² interest rate on mortgage loans granted to households has increased by 1 basis point on a monthly basis to reach 4.82% in June 2024 compared to 4.81% in May 2024 and the volume of these newly granted loans has increased by 8 million euros to reach 168 million euros in June compared to 160 million euros in May. On a yearly basis, the interest rate has increased by 24 basis points whereas the volume of newly granted loans has decreased by 32 million euros.

The fixed³ interest rate on mortgage loans granted to households with an initial fixation rate of over one year and up to five years increased by 1 basis point on a monthly basis to reach 3.87% in June 2024 while the volume reached 34 million euros. The fixed interest rate with an initial fixation rate of over five years and up to ten years increased by 6 basis points compared to May 2024 to reach 3.83%. The corresponding monthly volumes decreased by 17 million euros to reach 25 million euros.

Concerning real estate loans with an initial rate fixation period over 10 years, the monthly volumes increased by 8 million euros since May to reach 252 million euros. Interest rates of

¹ New contracts refer to any new agreement concluded between the household or the non-financial corporation and the reporting agent. New contracts include all financial contracts which mention for the first time the interest rate pertaining to the deposit or credit and all renegotiations of existing deposits or credits.

these loans are grouped by intervals of five years of initial rate fixation, and have changed as follows compared with May:

- The interest rates with an interest rate fixation of over 10 years and up to 15 years decreased by 13 basis points to reach 3.74%.
- The interest rates with an interest rate fixation of over 15 years and up to 20 years decreased by 4 basis points to reach 3.38%.
- The interest rates with an interest rate fixation of over 20 years and up to 25 years decreased by 34 basis points to reach 3.35%.
- The interest rates with an interest rate fixation of over 25 years and up to 30 years decreased by 1 basis point to reach 3.58%.
- The interest rates with an interest rate fixation of over 30 years increased by 11 basis points to reach 3.75%.

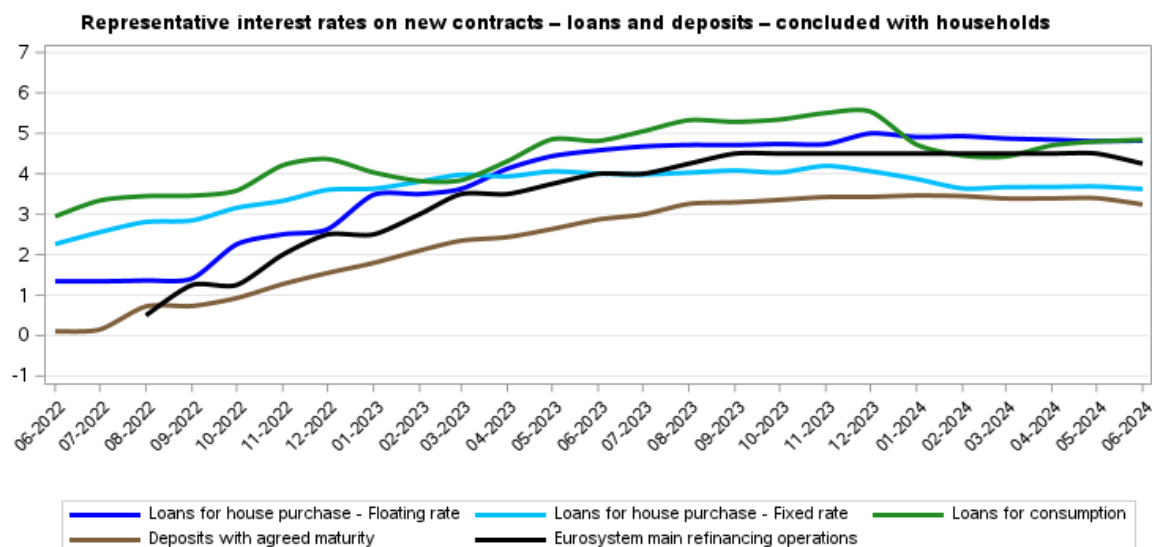

It is important to mention that the indicated rates of the different interest rate fixations are average rates, where the calculations are based on a sample of banks and which are taking into account the volumes of granted loans.

The interest rate on consumer loans that have an initial fixation period above 1 year and below or equal to 5 years has increased by 4 basis points since May to reach 4.84% in June 2024. The volume of newly granted loans has remained unchanged at 27 million euros in June, the same as in May. On a yearly basis, the interest rate has increased by 3 basis points whereas the volume of new lending has decreased by 3 million euros.

The interest rate on households' fixed-term deposits that have an initial maturity below or equal to 1 year has reached 324 basis points in June 2024 from 340 basis points in May 2024. On a yearly basis, this rate has increased by 37 basis points.

The following graphs provide a detailed overview of the evolution of interest rates and the volumes of the new business loans. Furthermore, the evolution of the interest rates over the past two years is presented in more detail.

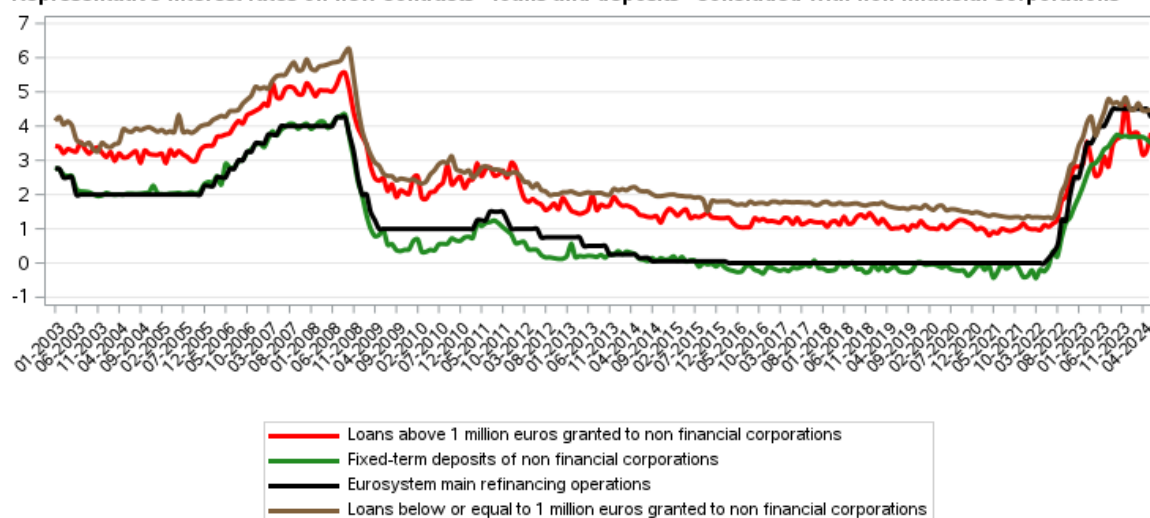

Representative interest rates on new contracts¹ – loans and deposits – concluded with non-financial corporations (NFCs)

The variable interest rate on loans below or equal to 1 million euros granted to NFCs increased by 2 basis points in June 2024 to 4.47%, compared to 4.45% in May, and the volume has increased by 28 million euros to reach 128 million euros in June from 100 million euros in May. On a yearly basis, this interest rate has increased by 39 basis points and the volume of newly granted loans has decreased by 4 million euros.

The variable interest rate on loans above 1 million euros granted to NFCs has increased by 51 basis points on a monthly basis to 3.80% during the last reference period, compared to 3.29% in May. The volume of newly granted loans has increased by 624 million euros to reach 1 921 million euros in June compared to 1 297 million euros in May. On a yearly basis, this interest rate has increased by 116 basis points and the volume of newly granted loans has increased by 103 million euros.

The interest rate on fixed-term deposits of NFCs with an initial maturity below or equal to 1 year has decreased by 12 basis points on a monthly basis since May to reach 3.49% in June 2024. On a yearly basis, this interest rate has increased by 41 basis points.

Representative interest rates on new contracts - loans and deposits - concluded with non financial corporations
